WHO AM I?

- Wordpress user since 2012
- Curator of niche content
WHY GUEST POSTS?

- Expand your content
- Potential for new regular authors
- Grow your traffic
- Help your authors build their businesses
THIS IS GONNA BE HUGE!

- I stumbled into guest posting early on
- It has become a real trend in the blogosphere
- It works!
BUT THERE ARE SOME PROBLEMS…

(Like spammers)
“I love all of the fantastic tips you have on your site…”

“I was looking for an opportunity to write for a blog and stumbled onto your website…”

“…writing to inquire if you accept guest posts on your site…”

“I was wondering if you would be open to me contributing a high quality (completely unique) article?”

“…100% copyscrape protected…”

“What is the lowest price for it? [guest article]”

“I have quite a few titles ready to publish…”
IS THIS ANOTHER NIGERIAN PRINCE?

Warning signs:

- Typos in pitch
- Broken English
- This sounds SO familiar…
- No identifying credentials
OTHER DANGERS

- Samples (if offered) have nothing to do with your blog’s topic
- The person has clearly not read your site
- These people are often relentless
- Article is likely to be very general
- Watch for copyright violations
LET’S DO BUSINESS!

- You get less of a canned email
- You actually get credentials
- Bio
- Domain/website
- Sample articles (valid ones)
